SECURITY (Qld) Pty Limited

Secure Cube

Protection of cash and valuables

Model cube SC-1

The Secure Cube is designed to protect cash and valuables from the threat of theft. Items recommended for storage include cash, jewellery, passports, and digital cameras, to name a few.

The safes can be placed at home or in any business environment. The Secure Safe range offers effective security at an affordable price.

Locking

The Secure Cube offers electronic locking. The user-friendly electronic PIN-code lock can store your personal access code (3-8 digits). In case of an emergency the lock can be over-ridden electronically, with an emergency code, or mechanically with the supplied emergency override key.

Additional features

The Secure Cube can be anchored to the floor using the 4 fixing holes. In addition all units come with a removable shelf as standard.

Design

The Secure Cube will compliment any user environment and are supplied in dark grey powder coated finish with light grey finish on the door.

Construction

The safes are constructed with a 12mm solid steel door and 3mm steel body. The bolt-work has two chrome plated bolts with a diameter of 20 mm.
