MINI CHANGEMASTER

**PROTECT YOUR STAFF AND PROFITS
24 HOUR CASH OFFICE**

Purpose of Machine

The Mini ChangerMaster is designed to enhance and facilitate cash management operations by:

- Providing coinage in exchange for notes.
- Reducing cash register holdings to a minimum.
- Controlled access to cash and vault door by electronic time-delay.
- Prevention of Armed Robbery, Internal theft, Inefficient Cash Management.

Features & Benefits

- Designed and manufactured in Australia.
- Two Key access to doors for preventing and discouraging armed robbery.
- Posting slot, to assist in clearing the cash register and making cash drops.
- Rolled Coin is loaded into columns, therefore easy to count and no need for a "Dip Stick".
- Robotic dispensing mechanism, hence no more jamming of rolls and less servicing costs.
- Easy to use keypad.
- Power supply outside the unit.
- Easy to load, hence less coin jams.
- Low service and maintenance requirements, ultimate for ongoing cost savings.
- Serial Port for future remote access and servicing.
- Increased treasury capacity.

Application

- The MINI CHANGEMASTER is suited to any business that needs to hold a considerable amount of change.
- The rolled coins and notes in tubes can be loaded into columns in the machine, these rolls and tubes can then only be vended when purchased.

Excess funds from cash register can be posted into the safe and cannot be accessed unless the two keys are in possession.
